1 Platform plugins for CESE Plus

Plugins are designed to expand the features of the basic CESE Plus platform. Refer to the specific plugin page for compatibility information and feature description.

Note:

These plugins are incompatible with CESE OSS.

Plugin #	Name	Price
7000002	Action potential analysis plugin	USD\$350.00 Add to order
7000001	HEKA stimulus plugin	USD\$350.00 Add to order

2 Plugin installation

Plugin installation is handled automatically by the product installer. Similar to models, plugin files are copied into `$CESE_HOME/plugins` directory. CESE Plus will automatically load plugins during startup, and show available plugins in the "Plugins" menu.

If you received plugin as a separate product, copy the file to `$CESE_HOME/plugins` directory and restart CESE Plus.

All licenses are for a non-transferable single licensed user, single concurrent seat. If you are a faculty member, staff, student, or researcher at an academic institution, and will be running plugin(s) on an institution-owned machine, we may be able to offer an academic license at discount. Please [contact us](#) for further information.

Please take a look at our [sales terms and conditions](#).

Please [contact us](#) if you are interested in plugins that are not currently available above - we may be able to help.
